### Terms and Conditions:

- A. STUD DOG OWNER AGREES TO:**
1. Provide bitch owner with a complete 4 generation pedigree of the dog.
  2. If bitch is brought to stud owner, take normal adequate care of the bitch while in our charge for an additional fee of \$5.00 per day, payable by the owner when the bitch is returned after insemination.
    - a. Keep the bitch to be bred confined and inaccessible to all other male dogs until the female has been inseminated.
    - b. No live cover. Frozen semen only. Artificial insemination only by surgical or transcervical insemination (TCI) by an accredited veterinarian or canine reproductive expert, and perform progesterone testing on the bitch to pinpoint ideal insemination timing. The bitch owner will pay all associated fees;
      - i. The frozen semen is stored at the Orangevale Veterinary Hospital. They collect, freeze, and store canine semen and provides for its successful use in artificial insemination.

- c. Sign litter registration<sup>1</sup> promptly and return to bitch owner once notified the bitch has whelped successfully.
  - d. The semen will be evaluated prior to insemination to assure it is viable. If it is not viable the stud fee will be refunded in full. Return stud service is NOT guaranteed if no pregnancy results from the breeding when frozen semen is used.
3. When collected and the semen frozen, the stud dog was in good health and physical condition,
    - a. up-to-date on all vaccinations,
    - b. current on internal and external parasite control measures (fleas, ticks, heartworms)
    - c. test results are available to the bitch owner for OFA (Hips), CERF eye exam and any other health tests performed on this dog.
  4. When frozen semen is shipped to bitch's location,
    - a. Unless alternate arrangements are made and agreed upon by all parties to this contract, the semen is shipped via Federal Express, and the costs to the bitch owner include: semen collection and prep., nitrogen tank rental, and shipping and handling to your veterinarian. Unless alternate arrangements are made and agreed upon by all parties to this contract, contact Orangevale Veterinary Hospital for current fees/charges. <http://www.http://orangevalevethospital.com/>(Orangevale Veterinary Hospital requires a credit card for payment of fees, prior to shipment) Orangevale Veterinary Hospital needs 4 to 5 days notice prior to shipment of frozen semen. Additional charges result if notification is 3 working days or less. We are not responsible for frozen semen once it has been released from the storage facility.
    - b. The semen will be evaluated prior to insemination to assure it is viable. If it is not viable the stud fee will be refunded in full. Return stud service is NOT guaranteed if no pregnancy results from the breeding when frozen semen is used.

**B. BITCH OWNER AGREES TO:**

1. Pay the total stud service fee of \$1500 prior to insemination of the bitch
  - a. In lieu of a stud fee, both stud dog and bitch owners may agree to compensation as follows:
 

---

---

---
2. If the bitch is to be inseminated while under the care and direction of the stud dog owner:
  - a. provide adequate quantities of food for the bitch while the bitch is in the care of the stud dog owner;
  - b. pay all board and care fees incurred while she is in the care of the stud dog owner (see section A.2. above);
  - c. No live cover. Frozen semen only. Artificial insemination only by surgical or TCI by an accredited veterinarian or canine reproductive expert, and perform progesterone testing on the bitch to pinpoint ideal insemination timing. The bitch owner will pay all associated fees;
  - d. pay all transportation costs for the bitch
  - e. The bitch owner shall pay any and all travel expenses where the stud dog owner must travel greater than 100 miles per insemination round-trip to an accredited and qualified artificial insemination facility, if applicable.

---

<sup>1</sup> *The American Kennel Club takes the position that the owner of the sire is required to sign an application to register a litter certifying only to the fact that a particular dam was bred to the sire identified on the Litter Registration Application form on a specified date of mating, unless there is an agreement signed by all parties concerned in which it is specifically set forth that the owner of the sire is not obligated to sign an American Kennel Club litter registration application form until such time as the stud fee has been paid.*

*AKC®Procedures for Registration Matters III.B.*

3. When frozen semen is shipped to the bitch owner it is the responsibility of the owner to make sure that they are dealing with a competent and experienced veterinary reproduction specialist. It is strongly suggested that the reproductive specialist selected for performing the breeding have specialized experience in surgical or TCI procedures and should have on site storage equipment for the frozen semen and perform progesterone testing on the bitch to pinpoint ideal insemination timing.
  - a. All expenses associated with frozen semen retrieval, tank rental, shipping of the semen and return of the tank is the responsibility of the owner of the bitch being bred.
  - b. Payment for these services is to be made directly to the storage facility by the bitch owner.
4. Provide a 4 generation pedigree before servicing.
5. Send bitch in good health, physical condition and in season.
6. The bitch shall be
  - a. up-to-date on all vaccinations, providing the stud dog owner a record of current vaccinations including Rabies;
  - b. current on internal and external parasite control measures (fleas, ticks, heartworms).
  - c. Test results shall be available to the stud dog owner for OFA (Hips), CERF eye exam and any other health tests performed on this bitch. (Preliminary results are acceptable for hips.)
  - d. Financial responsibility for the above tests are to be borne by the bitch owner.
7. Notify stud dog owner/agent, in writing no later than 70 days after breeding if no pregnancy results from the breeding.
8. Keep the bitch properly confined following the breeding to ensure no other dog could service her accidentally, before her heat cycle is complete.
9. Agrees to not knowingly sell or transfer puppies whelped as a result of this breeding to any person or firm connected with the business of resale or wholesale of dogs.

**C. OTHER CONDITIONS:**

1. In breeding animals, there is always a risk that one may be injured during the process. Bitch owner agrees to hold the stud dog or his owner harmless from any liability or damage. In addition, the bitch owner understands that the stud dog owner accepts no liability for the actions of this bitch while in their care, including but not limited to personal injury or property damage.
2. If for some reason the bitch dies while in the care of the stud dog owner there will be no fees owed to the bitch owner until a necropsy is performed by an accredited veterinarian and a finding of negligence is made, or the veterinarian finds a reason to believe physical harm was done to the bitch. If the veterinarian can attribute the death of the bitch to the stud dog owner, a fee of \$1500 will be paid to the bitch owner by the stud dog owner.
3. The owner of the bitch will keep all resultant puppies of this breeding
  - a. until they are at least 10 weeks of age,
  - b. have all appropriate vaccinations, deworming, nail trimming and socialization, and
  - c. are placed into good homes with a written contract of sale on all puppies that are sold or otherwise placed.
  - d. All **pet** puppies are to be sold on limited registration papers with spay/neuter contracts.
  - e. It is agreed that no puppies from this breeding will be sold outside of the United States or its Trust Territories unless
    - i. prior agreement is reached between stud and bitch owners (See Section E.), or
    - ii. unless they were whelped outside the United States or its Trust Territories.
  - f. It is agreed that no puppies from this breeding will be sold intact without limited registration to any service organizations.
4. Both Dog and Bitch owners agree to abide by the PWCCA code of ethics and ideally, be a member of the PWCCA, an accredited Regional or International Pembroke Welsh Corgi Club, or AKC or internationally accredited All-Breed Kennel Club in good standing.

**Additional agreements between all parties to this contract:**

*(such as alternate artificial insemination arrangements, or different boarding agreements, etc.)*
